

DECLARATION AND POWER OF ATTORNEY
(Related Application)

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor or an original, first and joint inventor of the subject matter which is claimed and for which a reissue patent is sought on the invention entitled

INTEGRAL PRINTED SELF-MAILER SHEET PRODUCTS

the specification of which is attached hereto and was originally filed on April 27, 1998, as Application No 09/067,090 and issuing as U.S. Patent No 6,010,159 on January 4, 2000.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by the Preliminary Reissue Amendment accompanying this application.

I acknowledge the duty to disclose information which is material to patentability in accordance with Title 37, Code of Federal Regulations, Section 1.56.

I hereby claim the benefit under Title 35, United States Code §119(e) of any United States provisional patent application(s) listed below and have also identified below any United States provisional patent application(s) having a filing date before that of the application on which priority is claimed.

I hereby claim the benefit under Title 35, United States Code, Section 120, of any United States application(s) listed below and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application or in the prior U.S. provisional application in the manner provided by the first paragraph of Title 35, United States Code, Section 112, I acknowledge the duty to disclose information material to patentability as defined in Title 37, Code of Federal Regulations, Section 1.56, which occurred between the filing date of the prior application and the national or PCT international filing date of this application:

08/724,077	9/30/1996	Patented
(Application Serial No.)	(Filing Date)	(Status)--(patented, pending, abandoned)

08/911,806	8/15/1997	Patented
(Application Serial No.)	(Filing Date)	(Status)--(patented, pending, abandoned)

I verily believe the original patent to be wholly or partially inoperative or invalid, by reason of claiming less than I had the right to claim in the patent, by reason of failing to claim priority from another copending U.S. application from which I had a right to claim priority and because of errors in the drawings causing an inconsistency between the drawings and the text of the specification. At least one excess or insufficiency in the claims is specified below.

I discovered that the claims of the issued patent do not adequately cover articles of manufacture disclosed in the patent. I hereby indicate my intent to broaden the claims in this reissue application.

All errors sought to be corrected in this reissue application up to the time of filing this declaration arose without any deceptive intention on my part or on the part of the patentee, Vanguard Identification Systems, Inc.

And I hereby appoint the registered attorneys and agents associated with **AKIN, GUMP, STRAUSS, HAUER & FELD, L.L.P., Customer No. 000570**, as my attorneys or agents with full power of substitution and revocation, to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith.

Address all correspondence to **Customer No. 000570, namely, AKIN, GUMP, STRAUSS, HAUER & FELD, L.L.P., One Commerce Square, 2005 Market Street, Suite 2200, Philadelphia, Pennsylvania 19103**. Please direct all communications and telephone calls to **John Jamieson, Jr.**, at (215) 965-1310.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
